

GLASS VIEWPORTS

DESCRIPTION:

To resist corrosion, these viewports are offered in brass bodies. The lenses can be removed in the field for cleaning, rather than purchasing and installing a new viewport.

FEATURES:

- Available with or without baffles.
- Removable lens allows for cleaning or servicing.
- Plated steel or brass bodies.

SPECIFICATIONS:

Body	Brass Zinc Plated Steel
Window	Glass
Max. Operating Temp.	300°F (149°C)
