

## SPECTRUM TAGS AND LABELS

**spectrum**  
VISUAL LUBRICATION MANAGEMENT SYSTEM

Available in 10 colors

**1.**

Lift the flap portion with backing still affixed to protective laminate seal.

Write your specific wording on tag surface using a marker, crayon, or Spectrum Custom Label.

**3.**

Remove the backing and affix laminate over your message.

**4.**

Your newly created tag is ready for installation.

## DESCRIPTION:

Avoid lubricant cross contamination and misapplication with Spectrum tags and labels. The Spectrum tags and labels provide a simple and fast solution for indentifying lubricants from storage to point of use. These easy to use, durable colour-coded tags and labels can be used for marking everything from storage containers and drums, transport containers, hand pumps, filter carts, transfer carts, dispensing equipment and tools, machinery, lubrication points or anything else you can think of. Use a felt tip marker, crayon, or Spectrum customized label to mark the tag with your information. Then simply seal the information beneath the laminate sheet to keep it clean and legible. The Spectrum labelling system allows you to create customized labels using various colours, text and optional barcoding for your specific requirements.

## We're Here to Help!

All you need to do is supply the information and we'll do the rest. Email us at [admin@preciselubrication](mailto:admin@preciselubrication) .

Combine Spectrum tags and labels with other Spectrum products for effective lubrication management from storage to point of use. For more information on Spectrum Visual Lubrication Management Products email us at [admin@preciselubrication](mailto:admin@preciselubrication)

## FEATURES:

- Ensures the right lubricant goes into the right machine every time
- Colour-coded solution for indentifying containers, dispensers, filter carts, equipment, machinery lubrication points, etc
- Durable Spectrum Tags are weather and chemical resistant to withstand the most demanding indoor and outdoor use
- Spectrum Tags are made of durable 1/16" UV inhibited plastic with a tough clear laminate that withstands acids, caustics, oils, and abrasions
- Spectrum Custom Labels can contain up to four lines of information including a barcode
