

VACUUM PUMP AND ACCESSORIES

DESCRIPTION:

A necessary tool for extracting an oil sample from the sample port, Trico's Vacuum Pump is compact for ease of transport. When used in combination with a sample port adapter, flexible tubing, and a 4-ounce sterilized sample bottle the user is able to connect to any sample port for contamination free oil sampling in the most representative locations.

Trico also offers a heavy-duty Vacuum Pump model that includes a release valve.

FEATURES:

- Draws a vacuum of 27 inches of Hg (Mercury).
- Uses 3/16" to 5/16" tubing.
